

Cosmetics for Passover 2018

In general all facial cosmetics, nail varnish, nail varnish removers, antiperspirants, hairsprays, shampoos, shower gels, baby wipes and soaps may be used as they are inedible. It is better, however, to avoid products which mention the following in the ingredients declaration:

Derived From Barley

Amino-peptide complex
Barley Extract
Hordeum Vulgare
Phytophingosine Extract

Derived From Oats

Avena Sativa
Oat Beta Glucan
Oat Flour
Oat Extract
Sodium Lauroyl Oat Amino Acids)
Lauroyl Lysine (or other Lauroyl derivatives)

Derived From Wheat

Contact Lens Care

All products are approved.

Dental Care Products

See *Oral Hygiene* and *Denture Products* in the Medicines list.

Lipstick

Due to the fact that lipstick comes into contact with the mouth, it is important to check that it does not contain Chametz derived ingredients.

The following products have been researched and are free from Chametz derivatives.

Other products not included in the list may be used if they are free of the above ingredients.

Bourjois Paris Colour Boost Lip crayon
Bourjois Rouge Edition Velvet Lipstick
